

STARS OTDA Log of Program Updates

10/13/2009

A search parameter for the Training Title was added to the Search for Trainings screen that is part of the Nominate Trainees option under the Contractor Training menu.

The columns for Training Site Name and Training Site City were added to the Select Training information table that is part of the Nominate Trainees option. The columns for Deadline Date and End Time were removed.

The number of trainees currently nominated is now displayed in the Training Details screen that is part of the Nominate Trainees option.

The names of the nominees successfully registered are now displayed In the Nomination Complete screen that is part of the Nominate Trainees option.
